This Target Market Determination (TMD) describes the type of customer for which these products have been designed, having regard to the likely objectives, financial situation and needs of customers in the target market. Further information about these products can be found on the Macquarie website.

Note this TMD does not apply to the distribution of this product to an investor who is a 'wholesale client' for the purposes of Chapter 7 of the *Corporations Act 2001*.

This TMD applies to the following products which are together referred to throughout this TMD as the Macquarie SMA:

- Macquarie SMA (ARSN 121968143) Class W
- Macquarie SMA (ARSN 121968143) Class T
- Macquarie SMA (ARSN 121968143) Class G

**IMPORTANT!** This TMD is not an offer document. Please read the relevant Macquarie SMA Product Disclosure Statement (PDS) available online at [www.macquarie.com.au/managedaccounts](http://www.macquarie.com.au/managedaccounts).

## Target Market

The Macquarie SMA product is designed for clients who, at the point of acquiring the product:

- want access to one or more SMA Model Portfolios managed by a range of Investment Managers, containing listed securities and/or units in managed funds as well as cash, and with exposures to one or more asset classes such as Australian equities, international equities, property, fixed interest, alternative investments and cash
- want access to investment management services and are comfortable with not selecting the particular securities that make up their selected SMA Model Portfolio(s)
- want an SMA investment structure which takes the form of a beneficial interest in the specific investments in the SMA Model Portfolio(s) selected
- have one or more of the objectives or needs which are indicated by ticks, for the applicable investor class, in the table below, and
- do not have, in relation to the applicable investor class, any of the objectives or needs which are indicated by crosses, for the applicable investor class, in the table below.

Client Objectives	Target Market Indicator			Product attributes
	Class W	Class T	Class G	
<b>Investment objective</b>				
Capital Growth	✓	✓	✓	The SMA offers a selection of Model Portfolios provided by a range of investment managers ( <b>Investment Managers</b> ) covering a range of investment styles and investment objectives. The SMA does not offer any Model Portfolios which are capital guaranteed.
Capital Preservation	✓	✓	✓	
Capital Guaranteed	✗	✗	✗	
Regular Income	✓	✓	✓	
Specialist (Sustainable/Ethical/ESG)	✓	✗	✗	
<b>Diversification</b>				
Very low	✓	✓	✓	The SMA offer a range of SMA Model Portfolios across single and multi-asset class investment styles, some of which are well diversified, some of which are more concentrated. The more diversified the SMA Model Portfolio, the less exposed an investor is to the performance of any single investment holding and/or asset class.

Very high	✓	✓	✓	
<b>Intended product use</b>				
Standalone Solution (75-100% of investible assets)	✓	✓	✓	The SMA provides single and multi-asset class SMA Model Portfolios across different risk levels, providing diversification in style, investment manager and asset class.
Core Component (25-75% of investible assets)	✓	✓	✓	
Satellite (<25% of investible assets)	✓	✓	✓	

Investment timeframe				
Short (Less than 2 years)	✗	✗	✗	The SMA offers a range of SMA Model Portfolios across different investment timeframes for the medium to long term. The SMA is generally not designed for investors with an investment timeframe of less than 2 years.
Medium (2 - 6 years)	✓	✓	✓	
Long (6+ years)	✓	✓	✓	
Ability to bear loss (or risk appetite)				
Very high	✓	✓	✓	The SMA offers a selection of SMA Model Portfolios across different risk levels and is generally designed for investors with a medium to very high tolerance to bearing loss, depending on the selected Model Portfolio. The SMA is generally not designed for investors who have a low ability to bear loss.
High	✓	✓	✓	
Medium	✓	✓	✗	
Low	✗	✗	✗	
Need to withdraw money				
Daily	✗	✗	✗	The SMA offers a range of SMA Model Portfolios with differing levels of liquidity. Particular securities or investments within a SMA Model Portfolio may be difficult to purchase or sell, preventing the SMA Account from closing out a position or rebalancing within a timely period and at a fair price.

## Additional Product Features

### Fee Structure

Other than for Class G, a management fee applies to investments in the Macquarie SMA. The applicable Management fee depends on the Model Portfolio(s) selected and is calculated based on the value invested in each Model Portfolio. A transaction fee applies to each trade of listed securities within the Macquarie SMA. See the applicable Macquarie SMA PDS for details on all of the fees and costs which apply.

### Other Features

- **Individual tax record of investments** - SMA Model Portfolios allow the tax transparency of all the securities held, individual tax cost position and direct flow through of all income
- **Visibility / transparency of portfolio holdings** - All investments and transactions within SMA Model Portfolios can be viewed securely online
- **Ability to customise portfolio** - The SMA offers the ability to restrict certain securities or sectors from being included in an SMA Model Portfolio
- **Ability to include in specie transfer of existing investments** - The SMA offers the ability, where permitted, to transfer securities (held in the same name) into and out of an SMA Model Portfolio without it resulting in a capital gains tax event.
